The Final Supermoon of 2020 Rises This Week — Here's How to See It

The Super Flower Moon will rise on May 7. If you haven't seen one of 2020's three stunning supermoons so far, you have one last chance this week as the Super Flower Moon looms large just after sunset. The combination of a full moon (when the moon appears fully illuminated from Earth) and a supermoon (when the moon is close to Earth and appears bigger than usual) promises to be an unforgettable sight in the latter part of the week.

Here's everything you need to know about the Super Flower Moon, including the best time to see it.
